Next Steps

As you get closer to the Mock Exam administration date Applied Practice will provide each teacher with detailed instructions on how to administer the Mock Exam as well as the process to submit/upload/return student responses for Hybrid Digital Exams.

Webinars will be scheduled so that teachers can see the process for administering their Fully Digital and Hybrid Digital Mock Exams and ask questions about the Mock Exam process. These are provided in conjunction with the team at Applied Practice. The dates and times for these will be scheduled by Mass Insight, at a later date.
